Sub : Installation of FOGSI-ICOG Satellite Dish.

Dear Dr.

We are in receipt of your request to be included in the FOGSI ICOG Satellite School which is a training course for Post Graduate students, in collaboration with the Indian Space Research Organisation (ISRO) and supported by the Ethicon Institute of Surgical Education, Johnson & Johnson Medical.

FOGSI ICOG has arranged to set up satellite dishes in medical colleges in the country. The installation will be carried out by MCBC, Modern Communication & Broadcast System on behalf of Ethicon Institute of Surgical Education, Johnson & Johnson Medical. The course will be conducted from the ISRO studios and will be transmitted by satellite to all the medical college enabling students to attend the course in their own colleges. The course will be conducted on the 4th Sunday of every month for duration of 8 hours as per the schedule, which will be announced in advance.

Please note that the Satellite receiving kit system would include the dish, LNB, set up box and appropriate wiring. The kit will be the exclusive property of the company, Johnson & Johnson Medical. All other requirements like screen for projection, LCD projector and necessary approvals will be obtained by your Institution. The Kit will be treated as a Company asset lying with you and you shall not add any other charges to the Company. You should also not part with the possession of the Kit or allow it to be used by any other party. An Annual Maintenance Contract has been provided for 3 years, which will help you to maintain the dish in good working order and to solve any problems which you may have for relay. However, the Medical college will be responsible to carry out any repairs required if there is damage to the Satellite Receiving System due to unauthorized use or misuse of the equipment.

If these terms are acceptable to your Institution, please acknowledge agreement to these terms by countersigning this letter and returning it to me. On receipt of the letter from you, installation at your center will commence.

Dr. Duru Shah
Chairman ICOG
National Convenor FOGSI-ICOG Satellite School
